

What You Do Best

In the first column, list the five most important things you get paid to do, beginning with the most important. Then, sort the What I Do Best Cards into three piles: "Very Much Like Me," "Somewhat Like Me" and "Not Like Me." From the "Very Much Like Me" pile, pick the 10 most definitive cards and write those 10 statements in the second column, ranking them from 1 to 10 beginning with the most definitive. Finally, draw a line from each item in your "What I Do" column to any of the "What I Do Best" statements that help you accomplish the task. You might draw several lines to some statements and no lines to other statements.
